QR Code Link to This Post Hi

I'm looking for a female women to be in a online magic video. The illusion is close to 1 minute. The effect is you sign or mark a quarter any way you want, then I make the quarter go into the sugar pack.

To give you an idea of what kind of magic online videos these are, you can visit my Youtube profile link down below to watch any 13 of them.

In exchange for helping me create part of this New unique motion picture I can pay you \$28 dollars cash, tell you how the secret is done, through the use of just clever trickery, show you the video of what it looks like, plus after the video is completed & uploaded to youtube I can email or text you the completed version of how it came out with us in the video as well as the other different effects that are going into it.

If this interest you, just contact me with your name, picture and number to my gmail account, or on Facebook, or text it to my cell number.

P.S. The zip code that is given in this ad is close to where I live. It doesn't necessary have to be near this place and if you want it can be at a spot of your choice. I was thinking inside a mall, fast food restaurant or at Barnes & Noble.
