Artspace offers affordable space ideal for artist studios, non-profit office, small business offices, and retail spaces. Our commercial suites are unique and versatile and they become available in a variety of sizes, with tenants ranging from producers of salsas and spreads to photography studios and neighbourhood markets.

We currently have 19 non-profit organizations, as well as numerous small business start-ups, operating out of Artspace buildings. Our commercial spaces are designed to facilitate collaboration and programming efficiencies among artists and tenants.

I look forward to working with you! Call or stop by to learn more about Artspace.
