QR Code Link to This Post Hi there!

I'm looking for an open minded cute girl that would help me with various odd fetish requests. I'm hoping this can be an ongoing thing. I feel like I have every fetish out there and just need someone to help me explore. This is NOT an add for sex! More like you coming by and bringing me sweaty dirty panties or socks, or spitting and snorting in a cup for me, or farting on me, or whatever other weird things we agree on! Obviously everything would be agreed upon beforehand, but I would prefer someone who is very open minded to these kind of things!

About me, I'm 29, Caucasian, 6'2", 180 lbs, young professional type in Dallas.

Put "Fetish Friend" in the subject and include a photo!

Hope to hear from you!
