- Lessons in your home: teacher comes to your home for weekly lessons. Broad service area
- 2 performance opportunities offered every year

"Katie is a great teacher! My kids look forward to lessons every week and they have fun. She is really great with kids! Katie is very professional and does a good job of making the lesson fun but also progressing them along...my kids have learned a lot in the last few months we have been taking lessons. I would recommend Henderson and Katie to anyone." -Stacey, mother of two

"My 5 year old son takes lessons from Amanda through Henderson Academy and have been very happy so far. Amanda is a great teacher - patient but also firm. Excited to watch my son progress in playing the piano." -Kate, mother of a young pianist
