QR Code Link to This Post Found a puppy in the double churches/whitesville road area. He was laying in the middle of the street. He looked malnourished and was starving when we brought him in. He was skidding at first but warms up to people really well and is super friendly. So it seems he has been missing for some time. We are trying to get him back to his owners. If you are looking for a lost dog or know someone who is please text and describe the dog you are missing. In the mean time he will be taken well care of, fed and a warm place to.
