QR Code Link to This Post ANYONE can own a piece of land in the Rockies - and this 5 acre spread is a great place in Park County to call your own.

This lot of raw land is located just a few hours from Denver & the surrounding area. The property offers beautiful valley and mountain views.

You can camp on the property for 14 cumulative days per year. Property owners may be granted a permit to camp up to 60 days per year with additional permits. The lot is also buildable -- perfect spot for a cabin!

There are several places to fish nearby including Antero Reservoir, Eleven Mile Reservoir, Pike National Forest and Spinney Mountain State Park Reservoir. Lots of places to hike and hunt as well.
