QR Code Link to This Post Do you shoot well, and can you teach strategic and defensive techniques for 8-ball / 9-ball / 10-ball / 14.1 straight pool / One pocket? Can you teach proper breaks, advanced cue ball control, banks, rails, multi-rails, kicks, jumps, masse, and just about everything else??? If so, let's get started. Please don't be some guy who is just really good. So am I, and so is my father! I am looking for someone at an instructor-level (PBIA or otherwise), AA, semi-pro, etc.

I have access to (6) regulation 9' Olhausen as well as (6) regulation 9' Gandy tables - all 12 tables in great shape, FREE, at nearly any hour of the day. The keyed billiard room is well-lit, very quiet, usually empty and camera-secured. I can also travel. So if this is you, please let me know ASAP! We would of course have to play 5-6 games first before I start paying you. I want to see what you've got. You will probably want to see my skill level as well so we can establish a baseline.

For further info, and also to discuss fees, please reply. Preferably via phone call or text. I am a professional person. Parent. Homeowner. Solid job. Reliable vehicle. Blah blah blah

3zero5.77six.47three4 (Its a FL number but I live here now.)

Thank you! .
