QR Code Link to This Post I have a very handsome very healthy boy looking for girlfriend, he's a ten year old Chihuahua Yorkie mix and hes quite a lady's man he has no genetic issues and has a great personality, however he does have a cherry eye that has been cleared by the vet, and I'm interested in breeding him, I would only charge a small fee that is negotiable and would only require that the pups get good homes this is simply for his sanity as he is surrounded by large breed dogs that are all in heat at the moment and is going bonkers if you are interested in my little bachelor give me a call at
