QR Code Link to This Post Hello all,

This is a large 4 piece portrait -- the horse themselves are decorated by abalone shells. They emit a beautiful iridescent color as depicted in the photos. My family acquired this piece in Vietnam nearly two decades ago and has remained a beautiful centerpiece in our living room. Unfortunately we may be moving sometime soon, and have decided to sell off the portrait.

It WILL take a large car to transport these pieces. I can transport them very locally, but beyond San Jose it is likely that you will have to transport it back to your home.

Please no ridiculous low-ball offers, I will not accept them. They will be ignored.

Contact my email, and if you are interested we can talk further over the phone.
THE PICTURES ARE BLURRY IN UPLOAD, I can provide clearer pictures over the.
