QR Code Link to This Post I have a female short haired teddy bear hamster (golden) that needs a good home. I'm no longer able to care for her and I need to make sure that she's taken care of above all else. She's free to a good home as long as you can provide her the housing and attention necessary. She's about 6 months old, very friendly, and very docile. An avid chewer and climber but a sweetheart. Serious inquiries only!!! Call or text. She will come with toys, water bottle and treats as long as you can provide a cage or large enough.
