

Neck - Muskraft (licensed by Fender) Strat 59' Maple / Dark Rosewood - 21 Fret, 1-5/8" Nut Width, Tusq Nut - Thin Laquer sealer finish, Very nice Maple neck, Medium C profile, Darker Rosewood fret-board, with Semi-Rolled edges, 10" radius. Vintage style tuners. Set-up with 11's (heavy bottoms)

Awesome Tone! Played with or without a slide.  
If you don't play slide, this guitar sounds & feels great fretting, as a regular electric stratocaster.  
The action can be adjusted to your preference(s).  
Great bottleneck slide guitar!

Please see photos (attached) for description and condition.

Thank.
