The one thing I don't have to tell you is how to keep people coming back for more. Great food, great atmosphere, and great attitudes go along way in making your business a success. The one thing you may be lacking is great entertainment. That's where I come in. Lets face it, the right entertainment for you venue will keep people coming back. Building a following and the right music for people to enjoy, dance, and bring back those youthfull memories is a big key in making your venue successful. Especially for the 55 and over communities. Country clubs, restaurants, nightspots, private parties, or whatever your needs are I can provide it. I can offer you a solo vocal act. I feature music from the 50s, 60s and 70's. oldies, doo wop, soul, Motown, disco, and standards. The best in real dance and listening music. I can also add a female singer to perform anything from beautiful ballads, duets, to girl group sounds, to donna summer. And last but not least, I can also provide karaoke hosting, which really packs them in. Not only can I provide this entertainment for you venue, but it will be completely professional and at a fair and competitive price. Our sound will never be overbearing, or too loud for the crown. We only use the latest in line array speaker technology. Just professional crystal clear music. If your interested in booking, contact. SAL G. at
