QR Code Link to This Post I have a two bay garage for rent. The garage is available now. It is 24' x 24'. The garage doors are 9 ft. long x 7 ft. high. The garage may only be used to store vehicles or personal items. No mechanic work is allowed. I am seeking someone who is responsible, who will pay their rent on time, and will keep this garage clean. I prefer someone who wants to use the garage for dead storage, but will consider other ideas. New garage doors have been installed. There is electricity and lighting in the garage. This is a large space. Include your phone number or I will not.
