QR Code Link to This Post Hello, I have 1 room available for immediate move in, in a two-bedroom one bath condo. Rent is 1,600/person a month and includes heat and hot water. Electric averages about 30/person a month. The condo has bamboo floors granite counter tops and stainless-steel appliances. There is an elevator in the building along with laundry on every floor (which takes credit card as well as quarters). There is a garage under the building. The building is close to the B,C,D, and E lines. It's about a 5-minute walk to the Fenway D Line T stop, and about 10 minutes to Kenmore. The 55 bus stops right across the street. Northeastern, Wentworth, MassArt, Simmons, Emmanuel, Boston University, and Harvard law are all a close walk away. Harvard Vanguard, Beth Israel Deaconess, and Longwood Medical Center, are about a 5-minute walk. Landmark Center is across the street, with target and great restaurants nearby.

Feel free to email if you want to stop by to check out the place or have any questions.
