QR Code Link to This Post My name is Joey B Wilson. I live in the Bywater. I'm busy recording my second rock n roll album, and planning a release in April of 2018. I need to have a band together for this release, to perform at the album release, as well as gigging on a more permanent basis. Keep in mind, this is a professional project to be built from the ground up, with the ultimate goal of touring and selling merch nationally. It's original music, so it won't pay much at first, but I have national industry contacts willing to work with me, if I can assemble a hot ensemble that delivers. I sing lead vocals, play guitar, and rock fucking faces. Looking for second guitar to split lead and rhythm duties, and obviously bass and drums. I'm including a link to an album of demos I self recorded in 2013. It was rough and rushed, but it gives you the idea of the kind of rock n roll I'm going for. I've learned a lot about recording during and since that project, and this new release will be a brand new beast. Get at me if you wanna rock and roll!!!!
