QR Code Link to This Post I have been searching for a sibling pair of kittens to adopt to to raise together. Any age up until 6 months old. Looking for free unless they have been vet checked and vaccinations have started, I can deworm and de-flea with my private veterinarian.

Any color not picky as long as they are well socialized and have good potty habits. If you or someone you know that can match my needs feel free to send !email information, vet/personal references can be provided for the perfect future family members that join my.
