QR Code Link to This Post Kilo is looking for a new forever home.

He is 3 years old, intact. He has had all shots

Through Noah's Ark. He is house, and crate trained, but likes to spend most of his time outside. He is well mannered, and not high energy like most pits his age. He can do okay with other dogs if introduced properly, otherwise he is protective. He needs to be in a home with no small children, I have a 2 year old and she makes him very anxious and uncomfortable. With these behaviors around her I can no longer keep him. Other than his anxiety around small children he is the best dog I have ever seen. He knows basic commands, sit, down, crate, paw. He is very lovable and just needs a good home with no small kids. He weighs between 75-85lbs, he is a strong dog. I will not just let him go to anyone, I will need to see proof of where you live so I know you can properly care for.
