Would your life as a musician improve if you could live somewhere you could host a rehearsal & make use of a home studio ? If so, lets talk. I am not necessarily seeking a roommate perse' but if\* the right person would benefit from living in a place like this I may have a room opening in Feb. (this is not a housing add but possible roomshare)

If this sounds like you, give me a call to chat about it  
(musicians only, no texts)
