The daycare is inspected by Fairfax County every 6 months and there has never been an issue. It is a Fairfax County licensed daycare, with the USDA food & nutrition program. Background check has also been completed. NOVA hospital is right across the street for easy access in case of an emergency.

I have taken all required classes in order to operate a legal and safe home-based daycare.

I am Fairfax County licensed, up-to-date CPR/First-aid certified, and take extra classes in order to provide the best possible childcare. 16 years of experience and there has never been an incident. Children are supervised at all times, given care as if they are my own children. Your child will feel at home!

There are also age-appropriate games and basic education such as learning the Alphabets and numbers, along with how to speak (for young children). Children usually follow the daily schedule, along with its activities, breakfast, lunch, dinner, naptime etc. Childcare rates are affordable as well.
