QR Code Link to This Post She is our Last (Black/Brown) Puppy from our Rare Merle, Blue 6th generation Pitbull litter. This cutie is lovable,playful and full of personality. I added pictures of the entire litter she came from but all other Puppies have been sold. Mom is our Big Fur Baby and Dad lives 2 houses down from us. Mom is a 5th generation Merle Pitbull and Dad is a razors edge Pitbull. We have 5 children, all the Doggies Love the Kiddos. So yes they're accustomed to lots of laughter,noise and children ðŸ™Š

The pups are on soft high protein puppy food and have been weening off of Mom. First 5 in 1 shots and dewormed, ready to go to their forever homes. These Pups will grow up to be strong,athletic,loyal companions. If interested please make sure you are able to provide for this breed. The Pups have been indoors given lots of Love and cuddles. We ask that those who are interested will do the same. Serious inquiries only please! Located in Ocean Springs MS, feel free to call- text or email if you're genuinely interested. ThankðŸ™™,
