This home features a light and airy kitchen and living room making it ideal for entertaining friends and family. This home is on a corner lot so there is more yard to play in. That back yard is completely fenced which makes it perfect for the fuzzy family members. The home comes with a lovely front porch to relax on during the upcoming summer months.

This home is located off Lake Hazel Rd and Maple Grove Rd. This home is in the suburbs away from the loud noise and lights of the city.
