QR Code Link to This Post Meet Buffy, one of the sweetest dogs you can meet! She is about 4 years old and is 24lbs. We are pretty sure she is Beagle and Jack Russell mix. She is a sweet, easy going, mellow, docile and sweet dog. We call her the shadow dog, she follows her people everywhere (has been great off leash) and loves to cuddle. She is not a barker at all. She likes to go for rides in the car and can be active when you ask her to be.

She is good with other dogs but does better with bigger dogs, she would also be very happy as an only dog. She loves all people and is an amazing family dog. She is currently being fostered with 2 cats and they are starting to play a little. She is a good listener and eager to please as well as food motivated and a very easy keeper. She uses her crate for her bed though she will not need one in her new home. We can leave her out when we leave and she will sit at the window and wait for you. She is so loving and sweet, come meet her anytime!

Buffy is spayed, up to date on all vaccines and preventatives and has a valid health certificate.

Email for an application and come meet her!
