QR Code Link to This Post I have a gorgeous male Jaguar Cichlid that's about 12", unfortunately I cannot keep him since he is too aggressive to be kept with my other Cichlids. I'm not looking to get anything for him, I just want him to go to a good home where he can get the attention he deserves. He's a little shy at first, but when he gets used to you he is very social and will come right up to the front of the tank to you.

DOES NOT COME WITH.
