So if you are looking for a housekeeper with good pricing and that you know is going to get the job done without cutting corners then I am the right housekeeper for you. Please feel free to email me or text me and let me know how I can help you. Are you an experienced poker player wanting to take your game to the next level? Or are you a novice player looking to learn how to beat the game over the long run? I have spent 14 years of my life as a professional gambler. I have also been a classroom mathematics teacher in the past. These two facts together make me uniquely qualified to act as your poker mentor. I can teach you the underlying mathematical aspects of the game, the psychology, the statistical analysis of your results, money management, and everything else you will need to know to win. So whatever level of player you currently think you are, if you hire me to coach you, the proof will be in the pudding. And my rates are extremely reasonable too, being but a fraction of what others charge. I also give discounts for volume, groups, and for prepaying for a series of lessons.
