QR Code Link to This Post This kitten is so awesome! His story is equally as cool, at about 11pm on October Friday the 13th I found this little guy in the middle of the road. He needed formula he was so tiny but now he's growing fast and loving life. He is very playful and the most snuggly kitten I've ever met. I already have cats and as much as we would love to keep him we just won't be able to afford the care he needs. If you would like to welcome this handsome boy into your home you will need to get him fixed and his shots. You MUST be planning on taking him to the vet. Please do not respond to this ad if you can not afford or are unwilling to give him proper care. Preference will go to someone who responds with their vet info and a time range and or ready to set appointment for him to get fixed that I can confirm.
