QR Code Link to This Post My name is Sherlock. My foster mom thinks that I am part Maine Coon, but I think that I'm part BOBCAT! I can be very attached to my human, following like a puppy. I have a VERY loud voice, and I like to be heard and acknowledged with a pat on the head. I love to play with catnip toys and dangling things. I don't much care for other cats. Since I think that I'm a bobcat, and a little on the wild side, I'm really not an appropriate pet for a house with small children or other pets. I do take a daily medication and am on a special diet to keep my bladder healthy. If you think you are the right fit for me, please fill out an application!

Adoption fee of \$115 includes neuter, microchip, vaccines, FIV/FelV testing, deworming, and flea prevention.
