QR Code Link to This Post My friends and I have a weekly Risk night every Wednesday and are looking for a new waitress. There is about 20 of us that get together. You would just need to keep our drinks full and bring snacks to us as needed. We are looking for a bikini waitress or topless waitress. We had a female doing it for the last 3 years, but she is moving to VA next week. Pay is \$20-25 per guy that shows up plus any tips. we are a good group of guys and you wont run into any trouble. If your interested, then reply back with a few pictures and I can answer any questions you have. All snacks and drinks will be there, you just have to serve.
