QR Code Link to This Post Reliable and fun to drive! I purchased this '07 Azera in the summer of 2015 and it has served me well. I am selling as I drive quite a bit for work and was looking to get better gas mileage and got a Prius. Has a few minor exterior scratches, but is otherwise clean inside and out. This vehicle has leather interior with wood trim, AM/FM radio, cassette player, and 6-disc CD player. Sun roof, dual front seat climate control as well as rear vents for passengers. With a V6 engine, this baby has lots of get up and go, plus it handles like a dream! Female driven, non-smoker. Fresh oil change and new battery, so it is ready to hit the road with you. Fairly priced based on condition of vehicle! Call and leave a voicemail or send a text to come take a look and test drive, you won't regret.
