QR Code Link to This Post This pump organ was manufactured by Cornish & Co. Washington, NJ. The company made organs from 1879-1921. I've had this organ for about 25yrs. It came out of a small local church. If you google Cornish & Co. Washington, NJ., you will see this organ featured on their home page. Mine is missing the top section. It works and still sounds wonderful. It seems to me to be in very good condition. It is approximately 47"w x 50"h x 24"d. \$200 or best
