QR Code Link to This Post Making extra money in real estate is so easy. You do not need a license nor a certification.

That's right, get paid for noticing something that you drive past every day...vacant, abandoned, distressed homes or even homes with "For Rent" signs. Now you have a reason to notice them.

Just send us the address of the properties (vacant, abandoned, for sale or rent by owner, and/or homes with city code violations, etc). We will pay you \$500 at closing for every house that you send to us and we buy it. The condition of the home does not matter...pretty (no repairs, minor repairs) or ugly (major repairs), we are ready to buy anywhere in NOLA.

You can also make up to \$750 per house by obtaining more details about the property. Ask us how.

We are a local real estate investment company looking to buy 3-5 houses every month.
