QR Code Link to This Post Hey there! If you are a woman interested in the title of this post, read on!

Here is what I seek: A woman not looking for a life changing situation, yet looking to fill a void. A FWB, secret, respectful of each other's situation with no judgement. No drugs, no diseases and no expectation of a business arrangement. I am happy to help you financially.

I'm educated, tall, young better than average build. So if you seek that "something missing", need to be discreet, and would appreciate something like this, let's discuss. Please include some pics. .
