QR Code Link to This Post Soak away your stress in natural, hot mineral springs 70 minutes away from downtown Las Vegas. The naturally heated water will make you skin baby soft in a matter of minutes, too.

We'll be soaking for a few hours and then come back to Las Vegas. It'll feel like a whole vacation. Clothing is optional in and around the natural hot springs.

I'm a male seeking a compatible female to visit the Hot Springs with. if you're not available to go Wednesday let me know what day works best and I'll try to make it happen.

Please, only contact me if you're interested in visiting with me. I don't have time to reply to all of the questions seeking general information about the hot springs. Google is your friend!
