QR Code Link to This Post The best music ever was made between 1965 and 1975. Think the Doors, the Who, Jeff Beck, Sabbath, Van Morrison, The O'Jays, Miles Davis, Parliament, Bruce...the list is endless.

All by ear. No computers. Minimal processing, done by musicians and sound men who LISTEN.

That's what i do. Simple, yet high quality equipment, lots of patience and and ear for quality sound. If you gotta ask what good music sounds like, you'll never know!

I have a cool space , nothing fancy, room for 6 musicians including a isolation room for vocals. Completely mobile for live gigs. No high costs to pass on to you.

Sound like vintage vinyl. From \$50
