QR Code Link to This Post Acoustic guitar and vocals, interested in working with another acoustic guitar player with vocals; preferably near by in the Mercer County area. Would like to alternate lead vocals and sing harmonies. Looking to cover popular rock songs from the 60s to present. I've written songs, and wouldn't be opposed to working on original material in addition to covers at some point, but not necessary for this project. Looking to jam about once a week with the goal of playing gigs once or twice a month. I have a full time job, so I do not intend to do this to make a living, but would definitely like work towards paying gigs if it gets there. I'm 36 years old, play both rhythm guitar and bass guitar. Began playing about 20 years ago. Have live gigging and recording experience in band setting. I consider myself easy going and laid back. I have gear and transportation.

If interested: Please respond with your musical interests and goals, playing experience, location and any other pertinent information about yourself. If you have samples of playing, please provide and I will provide samples as well. Please, no substance abuse issues. Look forward to hearing from
