QR Code Link to This Post This is an excellent price for the Havertys Wrangler 6 piece sectional sofa in very good condition. It's well over \$1,000 less than you'd pay for a new model after taxes and delivery! All seats recline and the two ends rock. Can be arrange in many different ways. Very comfortable. Only selling because I moved into a new house and got a larger couch (the Wrangler is currently in storage).

Christmas special - I guess the holiday spirit has gotten to me, and I've lowered the price by hundreds of dollars. You're getting a steal at \$999, so the price is firm. Price will go back to \$1,400 if it's not sold by the new.
