QR Code Link to This Post Rehoming a 1 year old female mantle great Dane. Born December 9th 2016. Akc registered. House trained, and kennel trained. Knows sit and shake and working on stay. Still gets a little hyper when company comes over. Comes with an extra large wire kennel, a 55 pound food storage container with remaining food, remaining treats, leash and collar. Only rehoming because my girlfriend and I broke up and I work minimum of 12 hour shifts and it's not fair to her. She stays out at night when I go to bed and does great. Doesn't chew on anything. Asking 300 dollar rehoming.
