QR Code Link to This Post Hello. I need a framing guy for tomorrow. Willing to pay \$200 for the job.
Need the following to be framed. (Framed ready. Have the wood and screws.)

1. Need to frame a 12x10 room in basement.
 2. Need to frame a closet inside the room.
 3. Need to frame three doors inside the room. (one including the closet door.) All material already there.
- Should take about 6-8 hours. I do framing work but I need a extra hand as I am busy with something else.

You must have nail gun and own transportation!
Also if this goes well I have other jobs I need done literally right after. Definitely can talk about a pay increase for other work.

Willing to pay \$200 for the job-
Job is located in Perth Amboy NJ

If this posting is still up.. offer is still on the table .
