Dog Friendly

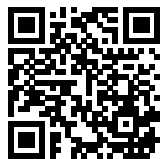

Hello I have a apartment at the Campus Crossings in raleigh my rent is 570 a month including water, electricity, pest control, cable, internet, 2 gyms , pool , basketball court, volleyball court, car wash, washer/dryer in unit, dishwasher, club house access(many events held here to be social with neighbors) bedroom does come with its very own private bathroom, I have two roommates who are very sweet and welcoming,they have been very helpful with anything, they are both in school and usually are quiet and stay in their rooms when they are home so it's kinda like having the apartment to yourself .. there are currently no pets in the apartment but they are not against having pets in the apartment, as far as move in date I will be leaving the 20th of January if interested please let me know as soon as
