This house is located 5 miles from the YMCA out on county highway one. It sits on top of a hill amongst several tall pines. The house looks over two lakes in the distance. Did I mention the view. It is like having your own park.

This house is in the country but we were never snowed in because the county highway department plows this road first.

Did I mention the view!!!!!!

Credit checks, Background checks, income qualifying, Deposit \$1300.
