QR Code Link to This Post Great running quad. I have extra wheels with very beefy tires that I do not have on the ATV currently but will be included. The ATV has aftermarket nerf bars and front bumper as well as an FMF exhaust. Newer O-ring chain and rear rotor. Everything else is stock and in great condition. Very solid front and rear end. Clean title in hand. The four wheeler could use a battery but starts runs and rides perfectly if jumped. I'm looking to trade for a running dirtbike or possibly a daily driver or let me know what you have, could even shoot me a cash offer. If interested call/text me at . (216three86-7047) text preferred considering I work.
