QR Code Link to This Post Selling a new 10.5", 256GB Ipad Pro. This is the latest model, and only a month old. Used it a couple of times but got a good deal on an older 12.9", and would rather have the money. I just don't have the need for one that nice. Comes with box, charger and cable. It's usually easier to catch me by text, but feel free to call. I live by Hefner lake in OKC, but still have my TX number, .

Local sale only, but will meet in a public place.

I will not ship unless I have cash in hand first, so please don't ask. I'm not going to fall for any of the stupid scams, so don't.
