QR Code Link to This Post FOR SALE: heavy duty utility or general purpose center-pedestal table with a light wood-grain formica top surface (see photos). The entire top surface of the table is clean and in A- condition and the edge/perimeter of the table is in B+ condition with minor wear around some of the edges. This table has been cleaned and inspected there are no missing parts. VERY CLEAN.

**DIMENSIONS:** The table is 29 inches from the floor to the top surface, and the table top is 29.5" x 41.5". The table top is over an inch thick (heavy-duty) (actual top thickness is 1.125").

**USAGE:** This would be a good table for a school, church or workshop, for crafts, for kids' crafts, for a garage, or for displaying items for sale, for music equipment, etc. However it is not "weatherproof" and should not be left outdoors. It is a very sturdy, heavy-duty, thick-top center pedestal table. THERE ARE NO CHAIRS.

**TRANSPORTING:** If needed, the pedestal can be removed to transport the table in two parts. There are eight screws for the pedestal and if needed I can remove them and place them in a ziploc bag. The table weighs between 35 to 40 lbs and both the pedestal and top are each fairly heavy. If you want to transport it in two parts, I recommend that you make sure you have someone experienced on-hand to later assemble it. Make sure to not cross-thread the pedestal mounting screws. Be sure to get the pedestal mounting plate in the correct orientation, and there is one screw that is slightly different or larger than the others (eight wood screws total).

**PADDING:** If you want to transport it already assembled, I would recommend the following: it should be placed top-down on a padded surface like towels or a blanket and tied-down so it doesn't shift, move, slide or become a hazard when being transported, because it is moderately heavy.

**SCHEDULING:** I'm available to communicate by email and/or for pick-up by appointment only between 6pm to 11pm Mon-Sat. I communicate by email 90% of the time and by phone about 10% of the time (voice not text). I check messages only between 6pm to 11pm Mon-Sat. I can provide directions for you to look at the table for serious inquiries only, but NOT for low-ball offers. Offers are ok but very-low offers cannot/will not be accepted.

**TERMS:** Only local pickup. No trade-in. All sales are final. No returns, no low-ball offers. Reply to email first if interested. If no reply, please call by phone or text - if the seller is interested in the item. Please do not call or text for your offer or pickup or if you are not interested. All offers must be made within 15 minutes of the listing. All offers may be withdrawn. Please allow 24 hours for a reply. I live in a quiet, clean, safe neighborhood. CL rules and terms apply. When the item is sold, the listing will be removed. Looking forward to a happy transaction, thank you for reviewing my CL AD.
