QR Code Link to This Post I'm remodelling several rooms in our home and I have roughly 300' of baseboard trim I need installed. I would do it myself as it is a part of remodel that I actually enjoy, but my life has filled up and I just don't have the time.

This trim is going in a TV room (no carpet yet) and three bedrooms and a walk-in closet, all of which have carpet installed already. There are 6 doorways and 1 window to trim as well. I'm using 5.25" MDF primered trim from Parr for the baseboards, and probably 3" for the doors/windows. I need all the trim installed and painted.

I can be ready for you as early as Saturday. Please have experience in finish carpentry, and be prepared to provide references. Photos of your work (if possible) helps a lot. Send me your bid, and tell me a little about your background in.
