QR Code Link to This Post I am a guitar player of many styles. I like to play electric and acoustic. I tend to favor my acoustic when playing alone, but I pick up my electric often. I play in C standard, drop C (not favored, but I'll do the drop) and standard/standard flat. I like low. Not trying to push the whole label of a "band", but a simple jam group is intriguing. I am a fan of bands like Chili Peppers, White Stripes, Clutch, Mastodon, Ghost BC, Candlemass, Black Sabbath, Corrosion of Conformity and so on. I love most music styles.

You, the drummer, are either just starting out or you have years of experience. I am open minded, just please be open minded as well. If you have a high hat, snare and a kick that is all we need. If you have more, cool.

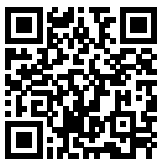

If you are worried about your sound or anything like that, worry not. I am rusty myself. I play every day, but have not had a jam buddy in a while. I'll have to learn how to play well with others again.

I just want to have some good jams and no pressure and very little "direction". Look forward to talking music!
Let's!
