QR Code Link to This Post This is going to be the worst Christmas ever. I was diagnosed with MS in april and have been off work since. I have had very little all year so every chance I could I would grab a gift and tuck it away. It was looking like all was going to be ok, until we came home from Astoria to the big suprise we were burglarized. Every thing I had under the tree, and what I still had in the closet gone. Along with my sons ps4 all his games and his VR that he was going to get. The main tv in living room and his tv. All my daughters jewelry, DVD player, personal momentous and and her panties all gone.Our holiday is in a shambles. It has always been tough but not like this. Being a single father of 4 for 15 yrs I am use to hardship and disappointment. after uprooting them from our home in astoria to move back here so I could be close to family. But my kids, they have worked so hard and overcame so many barriers this last year and I was looking forward to this Christmas morning. Please help me give my kids a merry holiday, I don't think I could face them Christmas and see there disappointment in me one more time to finish the year. Please anything will help. five03 seven four3 eight 7 zero eight.. thanks and happy
