

Amazing Professional WEDDING PHOTOGRAPHER (750 USD)

Location **Pennsylvania**
<https://www.genclassifieds.com/x-784252-z>

QR Code Link to This Post Are you looking for a amazing, experienced, low-key professional photographer for your beautiful and unique wedding? Write and tell me what you have planned. I may want to be there.

I am a documentary photographer with over 10 years of experience with weddings and events. My style is a mix of my photojournalist training and fashion and editorial photography experience.

My documentary approach is unobtrusive while getting you great candid shots that are natural, creative and fun. Once I have photographed your event, you get the Hi-Resolution files with rights to share or print them whenever and wherever you like.

My rate starts at \$750 for first four hours (\$150 per additional hour). I understand that each wedding is different (i.e. locations, the number of guests, time of year, the number of hours). Write and tell me all about you and your wedding and I'll get back to you with an estimate that fits your needs and budget.
