Perfect Location: One bedroom apartment in heart of Center City. One to Three blocks from Jefferson, Pennsylvania Hospital, and Wills Eye. It is across the street from Washington Square. Two apartments are available. One faces the Square with a double window. The other has a balcony to enjoy your morning coffee. Both have a full kitchen with granite counter tops. Washer & dryer are in good condition. Transportation around town bus lines and even speed line trains on Septa, and the new SEPA High Speed rail nearby. Lots of theaters and shops are within walking distance. Fabulous parks like Washington Square and several smaller gems are close at hand.

This is a well managed property. The owners and manager care about the property and our tenants. We place a high value on a cooperative effort to maintain the property. Both apartments are on the third floor.
