QR Code Link to This Post I am needing to find a new home for my dog. he is kennel and house trained, I can leave him loose in the house for 12+ hours while im at work, about 50 lbs, current on all shots, and friendly. he has never hurt anyone or anything but is hyper and like to run and play with anything that will move. he chases cats, rabbits, birds and anything moving to see what it is. he is 1/2 heeler 1/2 lab. I bought him for my sister when I got his brother for myself and ended up getting him back when she had a baby but I cant afford 2 dogs. he is free to a good home with bowls, collar, leash, and a few toys just promise he will be cared for. he is the one on the left in both pictures.
