QR Code Link to This Post I am a mother of 5 and was married for 26 years when my husband walked out on me. That was last year . I was diagnosed with a anterior pituitary brain tumor less than 3 months after he left. Today i am homeless and living in a local shelter..

I am desperately needing a vehicle. I have no money right now because the Social Security Administration has not approved my disability yet

If you have a vehicle that runs and you are ok with donating it to me or even just allowing me to use it so that i can get to my doctors appoitments, I would be so thankful.
