QR Code Link to This Post Have an event where you need a Photo Montage produced, maybe for a wedding, anniversary party, retirement party, graduation, company event, funeral, whatever, we can help. You provide us the pictures (we can also insert video clips into your photo montage) and we will produce a wonderful photo slide show, set to music that will be the 'hit' of your event.

Our price for producing a video montage of up to 100 pictures is \$195 (for more pictures, there is a slight up charge per picture.) And we can generally get your video slide show done in 48 hours (sometimes sooner.)

Here are some 'reviews' from several recent clients.

I'm here to tell you about my experience with Desert Music Entertainment. I was researching the Internet trying to find someone to help me with my video montage for my stepmother's memorial service. I called up the number I found and I was instantly impressed with how professional and helpful JJ was with offering his services to me and my family. He helped me through the entire process and was able to not only organize my pictures by date but he added titles to them, added video clips and other documents and made them all go along so smoothly. The final turn out was phenomenal. My dad even commented that it deserved an Academy award because it was so good. Almost everyone at the memorial approached me and said the video was the best video they had ever seen for a memorial service. I will never forget my experience working with JJ and how helpful kind and professional he was with this project. If I ever need a video montage again I know who I will call because I know I will get A plus top-notch service. I would recommend him and his company to anyone I know.

JJ was very personal and caring in our time of grievance and sorrow. He listened to our thoughts and desires and he carefully exceeded each task we set before him. I would recommend JJ to anyone who desires that professional and caring touch in their planning. We will definitely be using him again and again. Thank you so much JJ.
